# 02 PREPARE *Financing*

## HOW MUCH HOUSE CAN YOU AFFORD?

Mortgage lenders recommend you do not buy a home that is more than 3 to 5 times your annual household income. If you are not purchasing a home with cash, you will need a mortgage pre-approval provided by your mortgage lender. A lender will work with you to get a loan that meets your needs. Some buyers are concerned with keeping their monthly payments as low as possible, others want to make sure that their monthly payments never increase.

## CHECK YOUR CREDIT

A mortgage requires a good credit score. You can improve your score by:

- ✓ Paying down credit card balances
- ✓ Continuing to make payments on time
- ✓ Avoid applying for a new credit card or car loan until you have been approved
- ✓ Avoid making big purchases until you have been approved
- ✓ If possible, avoid job changes until you have been approved

## SAVE CASH FOR A DOWN PAYMENT & OTHER EXPENSES

In order to make your dream of buying a home a reality, you will need to save cash for your down payment, earnest money deposit, closing costs, buyer agent compensation, and home inspector.

- ✓ A Down Payment is typically between 3.5% to 20% of the purchase price
- ✓ Earnest Money Deposit is money you put into escrow within 3 to 5 days after ratification to show you're serious about purchasing a home. The EMD is applied to your down payment total at closing.
- ✓ Closing Costs for the buyer run between 2% to 5% of the loan amount, inclusive of buyer agent compensation
- ✓ A Home Inspection costs \$300 to \$1,000 depending on size of home and type of inspection

# 03 GET *Pre-approved*

Being pre-approved, unlike being pre-qualified, means you've actually been approved by a lender for a specific loan amount. You will need to provide documented financial information (income, statements, assets, debt and credit reports etc.) to be reviewed and verified by the lender.

# GET *qualified*

# *Start* HOME SHOPPING

# 04

START

## Home shopping

### START TOURING HOMES IN YOUR PRICE RANGE

---

Time to start shopping! We will take notes on all the homes we visit. It can be hard to remember all the details of each home. Once we have found THE house for you, we will structure and present an appropriate offer based on recent sales and current buyer activity in the area, as well as the value of the property in its current condition. Negotiations may take place after the offer is presented.

### Tip

#### WE WILL MAKE SURE TO CHECK THE DETAILS OF EACH HOUSE

- ✓ Check the plumbing and electric
- ✓ Check the ages of major utilities
- ✓ Look for any potential red flags while walking through each property
- ✓ We always recommend you have a home inspection to evaluate the condition of the home

#### WE WILL HELP YOU EVALUATE THE NEIGHBORHOOD AND SURROUNDING AREAS

- ✓ Are the surrounding homes well maintained?
- ✓ How much traffic is on the street?
- ✓ Is it conveniently located to schools, shopping, restaurants, and parks

# *Make an* OFFER

---

# 05 MAKE *an offer*

## WHEN TO MAKE AN OFFER:

So you have found THE house! Congrats! In today's market when the demand is higher than the amount of homes available it is important to act fast!

## HOW MUCH TO OFFER:

We will sit down and look at recent sales and current buyer activity in the area, as well as the value of the property in its present condition. Putting all this information together—along with having a conversation with the listing agent regarding other interest and overall activity in the property—we will strategize the best offer you would like to put forward.

## SUBMITTING AN OFFER

There are some components to an offer that makes it more appealing to the sellers.

- ✓ **Put Your Best Foot Forward**  
We will work together to discover options and create your best offer. Depending on the circumstances, you may have only one chance to make a good impression.
- ✓ **Shorter Inspection Periods**  
Try shortening the inspection period to 1-3 days

- ✓ **Offer to Close Quickly**  
Many sellers prefer to close within 30 days, or less. Some sellers may need a post-settlement occupancy.
- ✓ **Put Down a Healthy Earnest Deposit**  
A large earnest money deposit shows the seller you are serious.
- ✓ **Cash Talks**  
A transaction that is not dependent on receiving loan approval or guarantees an appraisal value is more attractive to a seller

## AFTER YOU SUBMIT AN OFFER

### THE SELLER COULD

- ✓ **ACCEPT THE OFFER**
- ✓ **DECLINE THE OFFER**

This happens if the seller thinks your offer isn't close enough to their expectations to further negotiate.

### ✓ COUNTER-OFFER

A counter-offer is when the seller offers you different terms. If this happens, you can:

- ACCEPT THE SELLER'S COUNTER-OFFER
- DECLINE THE SELLER'S COUNTER-OFFER

### COUNTER THE SELLER'S COUNTER-OFFER

You can negotiate back and forth until you reach an agreement or someone chooses to walk away.

### OFFER IS ACCEPTED - CONGRATS!

Sign the purchase agreement and you are now officially ratified, under contract, and in escrow! There are usually several contingency periods while in escrow. Now inspections, appraisals, or anything else built into your purchase agreement will take place.

# ESCROW PERIOD

---

## 06 ORDER AN *inspection*

During the inspection period, if applicable, we will schedule a licensed home inspector to do a thorough inspection of the home. Once this is complete, the inspector will provide us with a detailed report. You can take the issues as-is or request the seller to address some or all of the findings depending on the type of contingency you wrote into your offer. We will be mindful and reasonable on smaller items while being very cautious and vigilant of potentially significant issues.

## 07 NEGOTIATE *final offer*

Issues typically arise after the home inspection, and those issues tend to result in another round of negotiations for credits or fixes.

- ✓ Ask for credit for the work that needs to be done.  
Likely, the last thing the seller wants to do is repair work.
- ✓ Think “big picture” and don’t sweat the small stuff.  
A tile that needs some caulking or a leaky faucet can easily be fixed. Repairs are still up for negotiation and perhaps a small credit would help with closing costs.

# 08 APPRAISAL *ordered*

Your lender will arrange for a third party appraiser to provide an independent estimate of the value of the house you are buying. The appraisal lets all parties involved know that the price is fair. The loan file then moves on to the mortgage underwriter. If approved you will receive your final commitment letter that includes the final loan terms and percentage rates.

## HOMEOWNERS INSURANCE

You'll need insurance for the new home before closing. This will protect against things like fire, storms, and flooding. You must apply for insurance within 7 days of ratifying the contract.

## PROPERTY TITLE SEARCH

The settlement company will research the title on the property you are purchasing. This ensures that the seller truly owns the property and that all existing liens, loans or judgments are disclosed.

# *Scheduling* YOUR MOVE

---

# 09 SCHEDULING *your move*

## AFTER RATIFICATION

---

- ✓ Finalize home mortgage application and approval
- ✓ Schedule Home Inspection
- ✓ Sort through every drawer, closet, cupboard and shelf, removing items you no longer need or like. Donate or sell items that are in good condition
- ✓ Get copies of medical records and store them with your other important documents
- ✓ Create an inventory of anything valuable that you plan to take
- ✓ Get estimates from moving companies

## 4 WEEKS TO MOVE

---

- ✓ Notify landlord of last day of occupancy if you are renting
- ✓ Schedule movers/moving truck
- ✓ Buy/find packing materials
- ✓ Get quotes for home insurance

## 2 WEEKS TO MOVE

---

- ✓ Secure Home Warranty
- ✓ Schedule time for closing

- ✓ Start packing

## 3 WEEKS TO MOVE

---

## 1 WEEK TO MOVE

---

- ✓ Obtain certified checks for closing or confirm wiring instructions with the title company
- ✓ Schedule and attend a final walkthrough
- ✓ Finish packing
- ✓ Clean
- ✓ Confirm delivery date with the moving company

# *Closing* DAY

---

# 10 CLOSING *day*

## CLOSING DISCLOSURE

---

Lenders are required to provide you with a closing disclosure, at least three days before closing. This will show you what your final loan terms and closing costs will be. Review the document carefully. This is done to ensure that there are no surprises at the closing table. While the numbers may not be final, if there is a significant discrepancy between the loan estimate and the closing disclosure, we must notify your lender and title company immediately.

## SETTLEMENT

---

Settlement, or closing, is when you sign ownership and insurance paperwork and you receive your new home's keys! Typically, will take about one hour.

## FINAL WALKTHROUGH

---

We will do a final walk through the home within 7 days of closing to check the property's condition. This final inspection takes about an 30 minutes. We will check to make sure any repair work that the seller agreed to make has been done.

We will be sure to:

- Make sure all appliances are working properly
- Run the water in all the faucets and check for any possible leaks
- Open and close garage doors with opener
- Flush toilets
- Run the garbage disposal and exhaust fans

# CLOSING TABLE

---

Who may be there:

- ✓ Your agent
- ✓ The seller
- ✓ The seller's agent
- ✓ A title company representative
- ✓ Your loan officer
- ✓ Any real estate attorneys involved in the transaction

The closing typically happens at the title company. You will be signing lots of paperwork so get your writing hand warmed up! Some of the papers you will be signing include: the deed of trust, promissory note, and lender documents.

## CLOSING COSTS

---

Closing costs can vary depending on your home's purchase price and where you are located. You can generally expect your closing costs to be around 2% to 5% of the home's purchase price. These closing costs can sometimes be shared with the seller.

## BRING TO CLOSING

---

- ✓ Government-issued photo ID
- ✓ Certified funds or receipt of wired funds covering the remainder of the costs

## RECEIVE YOUR KEYS

---

Congratulations! It was a journey but you are now officially a homeowner. Time to celebrate!

## SELLER & BUYER

Chantilly & Brambleton

---

Working with Lynn was an awesome experience from start to finish. She guided us through both the sale of our previous home and the purchase of our new one, and her patience, expertise, and responsiveness on both transactions was exceptional. She understood the market, explained every step of the process in a way that made sense for us, and helped us make confident decisions. We always felt that she had our best interest in mind and was advocating for us (even during the times when what she told us wasn't what we wanted to hear). We wouldn't hesitate to use her again and would confidently refer any and all friends and family to her.

## BUYER

Oakton

Lynn is the absolute best realtor we could have ever asked for. Having grown up in NoVA, worked as an accomplished journalist, and completed her own home search, Lynn brought the ultimate level of expertise to our own home journey. Our expectations probably did not match our budget but somehow, Lynn more than made it work! While there are many attributes that make Lynn an excellent realtor, she most shines in her attention to detail, enthusiasm, and amazingly high level of patience. Her eye for detail helped us spot major issues with houses that many seasoned inspectors would not have even caught. Her enthusiasm is contagious, in that the seller's realtor enjoyed working with Lynn so much, she only accepted our offer because of that! Finally, Lynn encouraged us to never give up on our dream home. Lynn is not only the only realtor we'd recommend but she's now our close friend!

## SELLER

Lynn helped us find the perfect home in Northern Virginia. She knows the area very well and the market. She was able to help us narrow down the search and always was available to show homes and provide important feedback. And when it came to selecting and negotiating a home she was above and beyond. I would highly recommend Lynn, if you are in the market for a home or if you are selling.

Over the years I have worked with at least four realtors. All of them have left me disappointed for various reasons. Then along comes Lynn. Lynn met all of my expectations and exceeded them. She went over and beyond to make sure our home selling experience was smooth and as low stress as possible. From the initial consultation, coming up with a selling strategy, home prep, through the final sell, she was ALL IN with us. She answered all of my questions and was an outstanding communicator. For the above reasons and so many more I would highly recommend Lynn for your buying and selling needs.

# BUYER COMPENSATION

## Ways realtors get buyer compensation

With the recent NAR changes, buyers now have several options for compensating their agent if the seller does not cover the buyer's agent commission. Here are the main options:

- 
- **Cash Payment at Closing:** The buyer can pay their agent's commission directly as part of their closing costs. This would be a separate payment from the down payment and other fees.
  - **Reducing the Down Payment:** Buyers can adjust their down payment amount to allocate funds for the buyer's agent commission. For example, if they planned a 10% down payment but need to pay a 3% commission, they could opt for a 7% down payment and use the remaining funds for the commission.
  - **Negotiating with the Seller:** Buyers may negotiate with the seller to cover all or part of their agent's commission, particularly in a competitive market. This can be structured as part of the purchase offer, where the seller pays a portion of the buyer's agent fees.
  - **Rolling into the Loan:** Depending on the lenders' policies and the loan structure, buyers may be able to finance the commission by rolling it into their mortgage. This option depends on the buyer's financial situation and the loan terms.
